**STATE BAR OF MICHIGAN  
SECTION ANNUAL REPORT**

The judicial conference of the State of Michigan is comprised primarily of delegates from the three judicial associations.

The Conference regularly reviews and takes positions on issues of importance to the judicial system as a whole.

This year a great deal of the Conference's time and attention has been devoted to monitoring rapidly changing financial and political developments as they are likely to impact the Courts ability to provide a high quality of justice to the People of Michigan. We anticipate that will continue to be our focus for the foreseeable future.
